To whom it may concern:

Please allow this letter of recommendation to serve as an endorsement for the services provided on behalf of Meritus Medical Center by DoctorsManagement, LLC and specifically Sean M. Weiss and his team.

For more than seven years Sean's team has provided audit, compliance and educational services to our more than 80 employed physicians. During this time Sean and his team have demonstrated a knowledge above and beyond in the areas mentioned of any other organization for which we have used over the years. Their ability to transform complex subject matter into easy-to-understand information: is the reason why our physicians have continued to request them to return year after year since introducing them to our organization.

I would highly recommend Sean and his team at DoctorsManagement, LLC for any auditing, coding, compliance and educational services for physicians.

Should you have further questions or concerns please do not hesitate to contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Laurie Bender", with a long horizontal flourish extending to the right.
